

Parents and Friends

Welcome back to another edition of the P&F newsletter. For all those frequent readers, you will notice that there was no update last week from the P&F team. Well the good news is we have our very own update!!!!

With Mother's Day coming up I would like to show my gratitude to all Mothers out there

Roses are Red

Violets are Blue

All successful families work,

Because you are the superglue!!

Happy Mother's Day !!!

The P&F also got together Monday night (1st May) to discuss upcoming events and ideas to raise money for the school. We also had an amazing update on technology and what is being used and will be used within the school and it was truly amazing. I even asked if there was an adult's class that can be run so I can keep up with the language the kids are using.

One of our members Denise was invited along to the PRC - Parent Representative Council, now Denise is a pretty positive and happy person normally, however her excitement was barely being contained regarding the PRC update. It was an open forum and very relevant subject matter and I can't wait to post the update in the next newsletter. I will also add in when the next meeting will be and what the topic will be.

Get to know the team..

So we have a new face to the P&F in Nicole Anderson. Nicole is not only new to the P&F but new to the school being a young mum of one of

the Kindies. For any parents sitting on the fence and not sure whether to come along and help out, please do. Everyone is welcome and use Nicole as an example first meeting attended and had some brilliant ideas.

So why did you volunteer for the P&F?

"to find out more about the school, the community and see how I can help out as this will be a big part of the next 6 years of our lives."

Welcome Nicole and thanks for taking the plunge.

Event: Easter Egg Raffle
